## 1 CONDUCITE METAL DAND SYSTEM

- [illegible]

The Consolidation set of Documents prepared during the Construction phase of the project, they contain a **consolidation** of all the documentation issued during the PD Period and include: Addenda, Bid Revisions and all other documents issued that modify the Bid Documents (if any) and are based on the convenience of the project participants. **BC Addendums** makes no warranty, guarantee or assurance as to the **completeness** of the Consolidated set, in the event of differences between the Consolidated set and the original Addenda issued Bid Documents, Addenda and Bid Revisions, **Integration will be based on the original issued Bid Documents, Addenda and Bid Revisions.**

END OF THE LINE ■

### Gateway Mixed-Use

762 85 STREET S.W.  
CALGARY, AB

Weld all dimensions, fasteners and details, and report any discrepancies to the Architect prior to construction. Cleanliness is a tenant's face of exterior sheathing. Face of steel deck is thick, face of steel for interior partitions, and corrosion of cladding panels under wetted conditions on the drawing.
