Subject: Garbage Chute and Visitor Parking

Dear Residents,

As you may be aware, the garbage chutes have been blocked more frequently as of late.

This is due to residents still putting oversized bags and full boxes, broken down or not, into the garbage chute.

There is signage posted stating that absolutely no boxes are to be placed in the garbage chute and numerous reminders have been sent out.

The boxes and over sized bags get jammed in the chutes.

PLEASE DO NOT PUT ANY BOXES IN THE GARBAGE CHUTE. PLEASE BREAK DOWN ANY BOXES AND TAKE THEM DOWN AND PLACE IN THE RECYCLING BIN. Over sized bags are also not permitted.

VISTOR PARKING

Please ensure all visitor vehicles are registered as the City of Calgary has been and will continue to increase their patrols in the parkade for unregistered vehicles. Owners are NOT permitted to park in Visitor Parking.

Thank-you for your cooperation.
